# THE OPEN AIDS JOURNAL

ISSN: 1874-6136

The Open AIDS Journal is an open-access journal that publishes peer reviewed research articles, reviews/mini-reviews and letters in the diverse field of HIV/AIDS. The journal covers recent studies on experimental, clinical, translational, social, epidemiological and behavioral aspects, along with therapeutics, pathogenesis, vaccines, drug resistance, prevention of HIV/AIDS, and search for diagnostics, cure and virology of HIV/AIDS. Original articles on animal models for AIDS treatment research are also included.

The Open AIDS Journal, is an important and reliable source of current information on important developments in the field. Emphasis is placed on publishing quality papers, making them freely available to researchers worldwide.

The Open AIDS Journal is an international, peer-reviewed, open-access journal covering all aspects of aids published continuously by Bentham Open.
